Exhibitions by the Kölner-Maler-Kreis

Single exhibitions at Kultur in der Sackgasse, Köln-Weiss, Künstlermarkt Hilden and Kunstmeile Rodenkirchen

My worlds

My worlds are in my paintings. Landscapes and those who live there: people, trees, water, stones. My worlds offer me encounters, perceptions and colours. They inspire me through their beauty, their power and their vitality. Simultaneously they represent stability and movement. These energies are part of my life and this is what I want to express in my art. Without roots you cannot fly.
